Description

EVERYTHING YOU NEED TO AMPLIFY THE MOMENT

Outfit your boat with an exceptional sound system at an outstanding value. A Fusion® [MS-RA60](#) marine stereo and [EL Series speaker kit](#) or [MS-RA210](#) and [XS Series speaker kit](#) put the perfect soundtrack at your fingertips.

Enjoy your music ASAP. Your marine stereo and both speakers come ready to install.

Easily control music from your compatible Garmin MFD1, smart device or Garmin watch.

Built-in Class D amplifier brings aboard higher efficiency and greater output.

Multi-Zone™ Technology makes you the captain of two separate audio zones.

Conveniently update software via Bluetooth® technology² from the Fusion® Audio app on your compatible smart device.

Grow your audio system with compatible Fusion speakers, subwoofers and amplifiers.

IPX6 AND IPX7 INGRESS PROTECTION

Designed and engineered for the harsh marine environment, the Fusion stereos have an [IPX6 and IPX7-rated water-resistant](#) front panel to perform and last on board.

MODERN DESIGN AND AESTHETICS

Providing uniformity across the helm, the black front face blends seamlessly into black glass panels, complementing other electronics and MFDs for a tidy and elegant installation.

6.5" Fusion speakers produce quality sound on the water.

DESIGNED AND ENGINEERED FOR THE MARINE ENVIRONMENT

The Fusion speakers have an IP65 rating for protection against dust and water ingress and have been tested to a high level of protection against salt fog and UV.

DESIGNED TO COMPLY WITH ISO12216

Tested to international standards for pressure and water ingress, the Fusion speakers are designed and built for superior quality and robustness.

QUALITY MATERIALS AND ACOUSTIC ENGINEERING

The Fusion speakers incorporate high-quality materials and marine-specific design elements, ensuring they look and sound great on the water.
